PURCHASE ORDER #

These Terms & Conditions of Sale (together with the accompanying quotation, the "Terms") apply to the purchase of the products and services identified on the quotation by the customer named on the quotation ("Buyer") from Collab World Medical ("Seller"). Seller is an independent distributor and reseller of medical and laboratory equipment. Equipment identified by a third-party manufacturer's brand is manufactured by that third party, not by Seller.

1. Quotation; Acceptance; Applicability of Terms

The quotation is an offer by Seller and is valid through the "Valid Through" date shown on the quotation. Seller may withdraw the quotation at any time before Buyer's acceptance upon notice to Buyer, or before shipment if an event outside Seller's reasonable control makes fulfillment commercially impracticable. Buyer may accept the quotation by signing the acceptance section or by issuing a purchase order that references the quotation number. Acceptance constitutes Buyer's agreement to these Terms without exception, and the quoted prices are contingent on that agreement. Upon acceptance, the quotation and these Terms form the agreement between Buyer and Seller for the products and services quoted. Any different or additional terms contained in Buyer's purchase order, acknowledgment, or other document are rejected and will have no effect unless expressly accepted by Seller in writing.

2. Payment Terms

Unless otherwise stated on the quotation, payment terms are net thirty (30) days from the date of invoice for credit-approved domestic accounts. Other arrangements, including international accounts, may be established by agreement. Seller may require payment in advance, in whole or in part, when Seller reasonably deems it appropriate. Past-due amounts may bear a late charge equal to the lesser of one percent (1%) per month or the maximum rate permitted by applicable law, and Seller may delay shipment or suspend performance while any amount owed by Buyer is past due. Payments should be made in accordance with the Payment & Remittance Instructions included with the quotation, referencing the applicable quote or invoice number.

3. Pricing; Taxes; Additional Charges

All prices are stated in U.S. dollars unless otherwise noted. Quoted prices exclude applicable sales, use, excise, or similar taxes, duties, and governmental charges, all of which are Buyer's responsibility unless a valid exemption certificate is provided or the quotation expressly states otherwise. Unless expressly included on the quotation, shipping, freight, handling, insurance, rigging, and special-delivery services are additional. Any third-party-provider or administrative fee applies only where expressly disclosed and agreed in the applicable quotation or invoice.

4. Shipping; Delivery; Inspection; Returns

Estimated shipment and delivery dates are provided in good faith but are not guaranteed. Seller will confirm receipt of an accepted order and communicate estimated shipment and delivery timing. Unless otherwise agreed in writing, title and risk of loss pass to Buyer upon Seller's delivery of the products to the carrier. Any taxes or duties required to complete delivery are the responsibility of Buyer. Buyer must inspect the products promptly upon receipt and report any claim for missing, damaged, or defective products to Seller in writing within thirty (30) days of receipt. Returns require Seller's prior written authorization, must comply with Seller's return instructions, and may be subject to a restocking charge.

5. Cancellation

Cancellation of an accepted order requires Seller's written consent and may be subject to a reasonable cancellation charge covering costs incurred by Seller in good faith to fulfill the order prior to cancellation, including non-returnable or non-cancellable materials, procurement commitments, labor already performed, shipping, third-party obligations, and other reasonable transaction-specific costs.

6. Warranties; Third-Party Products; Disclaimer

Seller is an independent distributor and reseller and, unless expressly stated on the quotation, is not the manufacturer of the quoted equipment. Products manufactured by third parties are subject to the applicable manufacturer's or third-party provider's warranty, if any. Seller will pass through or reasonably facilitate available warranty rights to the extent permitted, but Seller does not independently extend or assume a manufacturer's warranty unless expressly stated in writing in the applicable quotation or agreement. Seller warrants that services performed by or on behalf of Seller will be performed in a professional and workmanlike manner consistent with the agreed scope.

EXCEPT AS EXPRESSLY STATED IN THESE TERMS OR ON THE QUOTATION, AND TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IF ANY IMPLIED WARRANTY APPLIES AS A MATTER OF LAW, IT IS LIMITED IN DURATION TO THE SHORTEST PERIOD PERMITTED BY LAW.

7. On-Site Services; Service Coverage

Where the quotation expressly includes on-site support, repair services, or a service or labor guarantee, that coverage is limited to the specific scope, duration, and terms identified on the quotation. Any courtesy waiver of labor or other charges applies only to the specific services identified on the quotation, and neither included coverage nor a courtesy waiver creates an ongoing entitlement to complimentary service beyond the stated scope or period. Additional on-site time, additional parts, travel expenses beyond the stated coverage, specialized third-party services, software services, or other work outside the quoted scope are not included unless expressly stated on the quotation, and may require separate written authorization and pricing. On-site services will be scheduled in advance with Buyer and performed in a professional and workmanlike manner consistent with the agreed scope.

8. Computer & Software Support

Computer support, networking, software installation or configuration, third-party software licensing, IT services, and data backup or migration are outside the scope of this quotation unless expressly included in writing. Buyer is responsible for backing up its data before any service is performed.

9. Indemnification

Seller will indemnify and hold harmless Buyer from third-party claims for bodily injury or physical damage to tangible property to the extent solely and directly caused by the negligent acts or omissions of Seller's personnel while on Buyer's premises performing the quoted services. Buyer will indemnify and hold harmless Seller from claims, damages, losses, fines, or expenses arising out of Buyer's misuse, negligent handling, storage, or operation, or unlawful use of the products, except to the extent caused by Seller's breach of these Terms. Neither party makes any representation regarding insurance coverage except as expressly agreed in writing.

10. Limitation of Liability

To the maximum extent permitted by applicable law, Seller's total liability arising out of or relating to the quoted transaction is limited to direct damages in an amount not exceeding the amounts actually paid by Buyer to Seller under that transaction. In no event will Seller be liable for indirect, incidental, consequential, special, or punitive damages, or for lost profits, lost revenue, or lost data, even if advised of the possibility of such damages. Seller is not responsible for damages resulting from delayed shipment. To the extent permitted by applicable law, any action arising out of these Terms must be brought within one (1) year after the cause of action accrues.

11. Governing Law; Venue

These Terms and any transaction under them are governed by the laws of the state in which Seller maintains its principal place of business, without regard to conflicts-of-law rules, and the parties consent to the exclusive jurisdiction of, and venue in, the state and federal courts located in that state. The United Nations Convention on Contracts for the International Sale of Goods does not apply.

12. Entire Agreement; Amendments

The quotation and these Terms constitute the entire agreement between Buyer and Seller with respect to the quoted transaction and supersede all prior and contemporaneous communications regarding its subject matter. Any amendment must be in a written document identified as an amendment and signed by authorized representatives of both parties. Preprinted or boilerplate terms on Buyer's purchase order, acknowledgment, or similar documents will have no effect on the agreement.

13. U.S. Government Contracts

If the products or services are purchased for performance under an identified U.S. Government contract or subcontract and a U.S. Government contract number appears on Buyer's purchase order, those clauses of applicable U.S. Government procurement regulations that are mandatorily required by law to be included in U.S. Government subcontracts are incorporated into these Terms to the extent required.

14. Export Compliance; Lawful Use; Third-Party Rights

The products may be subject to U.S. export-control laws and regulations. Buyer will not export or re-export the products, or any direct product thereof, in violation of U.S. export laws, and Buyer certifies that it is not listed on any U.S. Government denied- or restricted-party list. Buyer will use the products in accordance with all applicable laws, regulations, and guidelines, and with the safety precautions and manufacturer instructions accompanying the products. Third-party manufacturers retain all intellectual-property rights in their respective products, software, and documentation; Buyer must comply with any applicable manufacturer license terms and use restrictions, and nothing in these Terms grants Buyer any rights in third-party intellectual property.

15. Miscellaneous

No waiver of any right under these Terms constitutes a waiver of any other right or of the same right on a future occasion. Buyer may not assign or transfer its rights or obligations under these Terms, by operation of law or otherwise, without Seller's prior written consent, and any unauthorized assignment is void. If any provision of these Terms is held illegal or unenforceable, the remaining provisions remain in full force and effect. Neither party is liable for delay or failure to perform (other than payment obligations) due to circumstances beyond its reasonable control, including epidemics, pandemics, quarantines, acts of God, actions of government, strikes, fire, explosion, flood, riot, lockout, injunction, interruption of transportation, supplies, or utilities, unavoidable accidents, or inability to obtain supplies at reasonable prices.
